COURSE DESCRIPTION:

This course focuses on introduction to managerial finance: nature and scope; fields of finance, objective of the firm; functions of a financial manager. Other topics covered include financial statement analysis, financial environment, risk-return trade-off, time value of money, capital budgeting techniques, valuation concepts and cost of capital. We will also examine capital structure decisions.

COURSE OBJECTIVES:

1. The main objective of this course is to acquaint students with financial concepts and tools needed in managing the financial resources of a firm.
2. More specific objective includes, improving the analyzing and communicating skill of the students required for informed financial decision making.

TEXT BOOK:

Foundations of Financial Management by Sarwar Ahmed & Kamrul Hasan, 2nd Edition.

RECOMMENDED REFERENCE TEXT:

Foundations of Financial Management by Stanley B. Block, Geoffrey A. Hirt, Bartley R. Danielsen, 13th Edition

ACADEMIC INTEGRITY POLICY:

Student must refrain from any type of cheating and/or plagiarism. Any student acting otherwise will receive an “F” in the course. School of Business, IUB, maintains a zero tolerance policy regarding violation of academic integrity.
